At UrbanVisionPro, protecting user privacy is a core priority. This Privacy Policy outlines our commitment to complying with applicable laws, including the General Data Protection Regulation (GDPR).

1. Data Collection and Processing

UrbanVisionPro does not collect, store, or process personal data from users while using the app.

The app operates directly on the Apple Vision Pro device and does not transmit or store personal information externally.

Hand-Tracking Data

UrbanVisionPro uses hand-tracking data to enable gesture-based interaction, allowing users to navigate spaces and interact with immersive environments.

This data is processed locally on the Apple Vision Pro device and is not transmitted or stored externally.

World-Tracking Data

UrbanVisionPro uses world-tracking data to understand the user's surroundings and accurately place virtual environments within physical space.

This data is processed entirely on-device and is not shared, stored, or transmitted externally.

Contact Data (Optional)

If users choose to unlock additional scenes or request a guided experience, they may voluntarily provide contact details (such as name, email, or phone number).

This information is used exclusively to respond to the request and is not shared with third parties.

2. Legal Basis for Data Processing

Tracking data (hand and world tracking) is processed based on the legitimate interest of providing the app's core functionality and immersive experience.

Any contact information voluntarily provided by users is processed based on user consent.

UrbanVisionPro follows the principle of data minimization and only processes data strictly necessary for the intended purpose.

3. User Rights

Users retain their rights under the GDPR, including the right to:

- Access their personal data (Article 15)
- Request correction or deletion (Articles 16 & 17)
- Restrict or object to processing (Articles 18 & 21)

For any inquiries related to privacy rights, contact:

Email: admin@urbanvisionpro.com

Phone: +34 696 457 231

4. Data Security and Storage

UrbanVisionPro follows Apple's security and privacy best practices to ensure a safe and secure user experience.

No tracking data is stored or transmitted externally.

Any contact data voluntarily provided is handled securely and only for the intended purpose.

5. Third-Party Services

UrbanVisionPro does not use third-party analytics or tracking services.

Changes to This Privacy Policy

Any future changes to this Privacy Policy will be communicated through the app or official channels and will comply with applicable regulations.
